

This map shows (some of) Pullenvale Ward by population density and high-quality public transport coverage. The white dots represent either 400 metres from a BUZ stop, or 800 metres from a train station or ferry terminal.

Pastel green areas contain the 10% of SEQ residents living in the lowest-density SA1s, through shades of green, blue and finally purple for the 10% of SEQ residents at the highest residential density.
